MARYLAND BASEBALL

MEDIA BOOK

HEAD COACH

A true baseball man always has his chew close at hand, even in the photographic studio.

Coach "Jack" Jackson begins his 19th campaign as Head Coach with his 258-191-7 overall record the best of any coach with more than five years at Maryland's reins. It was Coach Jackson who finally replaced the legendary H. Burton Shipley, who decided to call it quits in 1960 after only some 37-odd years.

Upon graduation from Patterson Park High School in Baltimore, Jackson signed with the Philadelphia Athletics as a shortstop. He remained in the A's farm system until 1952, when he entered the Army. While playing professional ball, Jackson made the Tobacco State All-Star team in his first year. In 1949 he led the Central Association League in fielding and in 1950, he tied the league record for assists by a shortstop in a single game.

Jackson has been associated with Maryland Baseball since 1955. As an undergraduate he assisted Shipley with the varsity while coaching the Freshman team. Over the last 18 years as Head Coach, Jackson's teams have won three ACC titles, and his 143-106, .574 overall percentage is an indication of how well his teams fare vs. this very tough group, which includes Clemson, North Carolina, N.C. State, Virginia, Wake Forest and Duke.

Coach Jackson and his wife Peggy have three beautiful children, Jennifer 18, Jackie 16, and Julie 13.

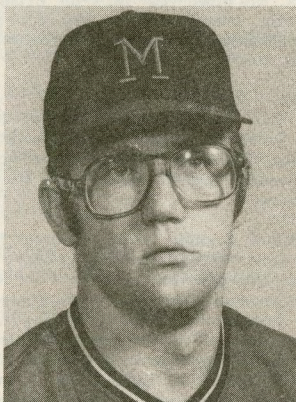

RAYMOND L. RUFFING

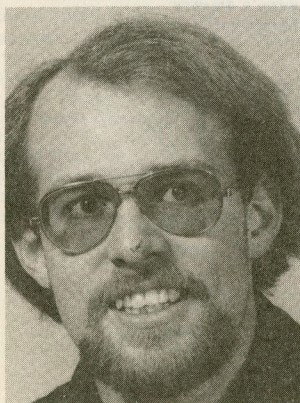

"Railroad" has been Coach Jackson's assistant and right-hand man for two years now, and they form an unbeatable combination of affability, accessibility to players, and coaching savvy. "Road" himself has been around--In WWII, he was a Paratrooper Infantryman for 4 yrs; after that he served 20 yrs on the D. C. Metropolitan Police Force as Detective Sgt, earning the Medal of Valor. Active in coaching since 1966; with Cheverly American Legion winning 5 State titles, twice runners-up, and his last year the 1974-75 World Series; and with Bowie H. S. for 10 yrs. High school and college football official for 20 yrs, and also a baseball umpire. Received Associate Degree in Public Admin. from American U. He and his wife Emily have three children, David 28, Diane 28, and Debbie 21.

ERIC MICHAEL JAMES--SR, PUBLICITY--RTVF, PR, RECR

Born 7/17/57 in Salem, Mass. Home-Towson, Md; Grad from their H. S. -'75. Managed Maryland's team from 1975-78. Developed campaigns to raise money for Easter Seals last 2 yrs, including WMUC Radiothon this year. Covers team on radio and in The Dormer. Designed this and the 1977 Baseball Guides, Part-time public address announcer for Men's Wrestling and Basketball, Women's Basketball; as well as Baseball.

1978 IN REVIEW Story of last year: Unexpected loss of pitching prowess by two men who were to have been counted on as right- and left-handed aces, John Hartsell and Mark Jackman, respectively, neither of whom return this year. Mike Brashears, Scott Venturelli, and Steve Hagerman were unable to pick up the slack in this key area. The hitters, though, had a banner year with 5 starters finishing over .300 and producing the best team average ever. But the depleted hurlers so perplexed Coach Jackson that during one game he made an Earl Weaver-like move by giving an outfielder, an infielder, and then a catcher a shot on the mound. The team never was able to put more than 3 wins consecutively. They did show toughness by not losing twice in a row except to back-to-back road foes Jacksonville(2, with one shutout which proved to be the only time that year for the Terps); North Carolina and N. C. State; and a four-game end-of-season swoon to powers Clemson(2), East Carolina, and in the ACC Tourney, again to State. This year the team will feel the loss of notable four-year starters Brashears(12-5, 3.74 ERA career) and Dickie Cann(.250, 23 RBI's career). The offense also will be depleted by the loss of All-ACC Second Baseman Frank Thomas to Milwaukee's Midwest A League farmclub in Burlington, Iowa. His three-year career totals(.302, 58 runs, .423 slugging pct.) were enhanced last year by team-leading performances in HR, 3B, Runs, Total Bases, Slugging Pct., and Walks. He was second in Hits, Average, 2B, and Steals. His three-year back-up, Brian McGuire, a very consistent utility man, leaves behind a .296 career average. And after only one very successful year in which he batted .444 as a spray-hitting PH, Johnny Guiffreda departs.

1979 OUTLOOK "Our pitching staff is young and our expected leader, Scott Smith only began to pitch competitively last year", says Coach Jackson. "The only thing that holds back these fine young players, though, is a possible lack of experience". Here is a position-by-position overview:

PITCHING Besides Smith, two other juniors are great prospects--lefty Scott Venturelli and righty Steve Hagerman, both just now really coming into their own. The rest are walk-ons and transfers who show much promise. "We're very much interested in Pete Sinopoli(Transfer from Tennessee). I think he's going to be a real fine help to the team". "Mark Haynes(Transfer from California) is looking fairly decent and walk-on Bob Payne looks like he can fill the bill as a relief pitcher". Another walk-on is Richard Dinnis, and "all he does is get you out". Joe Lynch, a freshman, apparently needs only time before he develops into a top-notch college hurler.

CATCHING Steve Jordan(Transfer from Florida) "should give us good strength at bat and is well-equipped defensively". Last year's starter Cliff Parker will rotate with him if knee problems don't hamper him. Kevin Wilson is a possible reserve.

FIRST BASE Senior Co-captain Joe Kerley returns, and will face stiff competition from sophomore John Brisee, who can also play the outfield. Both are left-handed in the field, but Brisee joins only three other batters who watch from the south side of the box. Another possibility at First or as DH is junior Gordon Hawkins, Terp pitcher for the last two years until his rotary cuff was destroyed, still a strong hitter.

SECOND BASE Freshmen vie for this spot. Jeff Schaefer has to bulk up a bit, but "he's got a quick arm and is very aggressive". "Tony Maggard is one of the purest hitters we've had walk in here in a while".

SHORTSTOP "This should be the most interesting battle of the year". Roommates Bob Oswald and freshman Bob Zavarick are both quite good. Sophomore Oswald tore up the opposition last year, finishing second in the ACC with a .372 average. He was ready to move to his natural position, third, but an old veteran returns to play there.

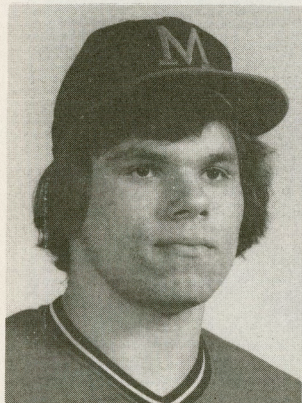

THIRD BASE Bill Owens thought his career was over last year as he finished his fourth year of studies. But he found out after a Fall wedding that he had another year of eligibility left because of only three years of playing time. He figured he needed 15 more credit hours to be able to teach Agriculture, anyway, so he takes his .306 career average into one more season. He may also DH when Oswald or freshman Jim Hudik play the field. Hudik has the tools, especially offensively. So does Frank Kaloustian, a compact freshman who can also adequately play Shortstop or Second Base.

OUTFIELD Should be no problem with three potential future big-leaguers. Super-strong hitting and fielding are juniors Rick Furr(Transfer from N.C.) and Co-captain Mark Poehlman, and sophomore Neal Herrick. Jeff Eaton is a sophomore with a year of valuable defensive and left-handed hitting experience, and he, along with freshmen Tony Larioni and Steve Johnson, can be counted on both at bat and in the field.

With the best attitude, in years, along with rich talent and a little help from Lady Luck, this young team has the desire and potential to win a lot of games.

FOR THE MEDIA AND FANS:

The 1979 MARYLAND BASEBALL BROCHURE took a long time to make its way to you. About 59 years to be specific. That is how long this "non-revenue" sport has been played at Maryland. Yet this represents the biggest and most complete booklet ever compiled by the team, and perhaps by any team that by its nature cannot generate funds. This particular sport started at Maryland when the school was not yet at College Park, in the late 1800's, back when the game itself was an infant. It has developed over the years, and though it is at a decided disadvantage to most opponent's budget, indoor facilities, and weather, it has managed 40 winning seasons. A look at FACTS ABOUT THIS YEAR'S OPPONENTS will show the high caliber of teams that the Terps face every year. We hope that major college baseball has some backers, so we distributed this to newspapers, radio, TV, and pro scouts, as well as for you the fan to read and appreciate. Since our games don't cost anything to watch, we need to raise money some way, and we decided to print this brochure. By selling it for \$1.00 and enabling us to pay the printer, we can use the rest of the donations to support our favorite charity, Easter Seals. We aren't really benefiting financially from this, but there are other valuable rewards and it might show the fans what kind of people we are. Also supporting this worthwhile cause is campus carrier-current AM station, WMUC, now also in its second year of covering Maryland Baseball. They anticipate an FM license this fall, meaning greater audience potential for us next spring. A Radiothon will raise funds for Easter Seals for 65 hours from April 19-21, with a softball game with beer, cokes, and munchies provided happening on the last day between WMUC and two D.C. -area FM rock stations. The 1979 Terp Baseball Team looks forward to having you with us, this year and in the many great years to come.
